Thanks for your help at the Venice location. St. Joseph's Center was really appreciative!

Where are we with re-engaging at Venice & Globe? Especially with dropping a roll-away bin there as soon as next week?

The Council Office is asking for an update.

Brian

Hi Team UHRC,

Here are two locations for us to address:

1) Hampton and Rose in Venice, in front of and around St. Joseph's Center—I spoke with the Executive Director of SJC today and she told me they're feeling frustrated at the number and size of the encampments around their facility, although they're mostly focused on the overwhelming amount of trash. Can we do a spot cleaning there ASAP and find ways to visit the site regularly to keep the trash and encampments at a minimum. Attaching images they took today. There are some clear ADA issues that can immediately be addressed.

2) Venice and Globe—the Council Office has asked that we revisit this area, including regularly delivering a roll-away bin to the location, beginning next week. Back when the UHRC focused on this area, SAN delivered a bin there for a 24-hour period each week. I'd like to start doing that again. The Council Office expressed the location got much worse when we stopped intensely focusing on it. I think we can and should get more enforcement support from Pacific; according to Hannah at CD11 they don't feel like they've gotten great support from the SLOs or Division more generally at that location. In many other ways they're very happy with Pacific and Captain Setzer.

Happy to discuss either or both of these requests.

Thanks.

Brian
